SCHEDULE

Day 1: 19 January 2018

9.30 am **Registration**

10.00 am – 11.00 am **Welcome & Introduction to CCS**

11.00 am – 12.30 pm **The Indian Policy Process| Ajay Shah**
How do we achieve change in India? The talk shows a 'pipeline' of the policy process through which problems are identified, solutions chosen, and implementations achieved. This helps achieve a nomenclature for the various components of an often confusing picture, and to classify the state of maturity of the reforms work in various sectors. It also shows the activities and role of the various actors in the policy process.

12.30 pm– 1.30 pm **Lunch**

1.30 pm - 3.30 pm **Politics of Public Policy| Chakshu Roy**
The session will ideally provide an overview of the Indian policy landscape, and talk about how policy is made in India, who influences policy, and how we make political decisions.

3.30 pm – 4.00 pm **Break**

4.00 pm- 6.00 pm **New Public Management | Parth Shah**
This session explores how principles of business management can be applied to the field of public administration, thereby increasing accountability, transparency and efficiency in government functioning

9.30 am	**Recap**
10.00 am – 12 noon	**Spontaneous Order and Prices** This session conducts an analysis into how economic principles govern our everyday behaviour, and the role of prices in disseminating complex information.
12 noon – 1.00 pm	**Lunch**
1.00 pm- 1.30 pm	**Koosh Game**
1.30 pm- 3.00 pm	**Public Choice: Benefits and Costs of Collective Action	Arushi Vats** This session introduces the field of Public Choice Economics which uses the insights of economics to explain political processes such as elections and bureaucracy. It explains that the probability of "market failure" must be compared with the probability of "government failure" in order to make rational choices about what should be done by governments and markets.
3.00 pm- 3.30 pm	**Break**
3.30 pm- 4.00 pm	**Tragedy of the Common Pole**
4.00 pm- 6.00 pm	**Environmental Challenges	Sadaf Hussain** This session aims to demonstrate how most environmental problems are the result of the tragedy of the collective (Garret Hardin), which is in turn caused by poorly defined property rights. It will provide potential market solutions to common environmental problems.

Day 3: 21 January 2018

9.30 am	**Recap**
